## Syllabus

Course No.	1900738W	College	College of Economics and Management	Dept.	Management Science and Engineering
Teacher	Xiaqing Liu				
Time	2022.12.19-2023.01.06				
Course Name	English	Intermediate Macroeconomics			
	Chinese	中级宏观经济			
Course credits hours	Total	Theory	Office Hour or Practice	Credits	
	70	60	10	12.0	
<b>Course description :</b> The course will cover theories of the determination of the level of national economic activity: output, income , employment, and its relationship to economic growth, stability and the price level. The objective of this course is to extend the students’ understanding of the macro-economy. Building upon the basic knowledge from a Principles of Macroeconomics course, this course seeks to introduce students to the several competing schools of macroeconomic theory in order to get a broader understanding of policy effectiveness. The course also offers integration of global macroeconomic issues and features international dimensions of macroeconomic theory.					
<b>Requirements for courses :</b> Principal of Microeconomic, Principal of Microeconomic, Math 150,151					
<b>Course structure explanation:</b> Make clear the necessary parts, optional parts, distribution of hours. Courses with experiments or practice are expected to explain credit hours needed, content, scheme and functions.

### **Forms of examination and requirements**

**Structure of the final grade(including presence, class performance, ), focus of exam, forms of exam(test, interview, final report, etc)**

#### **Grade Scale**

The total number of points you accrue over the semester, including extra credit points, will be added and the resulting number will be divided by the total points. Your percentage grade out of 100% will then be converted to the following letter grade system: A — 90%-100%

B — 80%-89.99%

C — 70%-79.99%

D — 60%-69.99%

F — 0%-59.99%

Grades are not rounded up or curved.

Students are expected to maintain high standards of academic honesty. Specifically, unless otherwise directed by the professor, students may not consult other students, books, notes, electronic devices or any other source, on examinations. Failure to abide by this may result in a zero on the examination, or even failure in the course.
